Connecting Schools Globally

Gratitude

GAIS thanks you for taking the time to read about how your organisation can positively contribute to the growth and development of Islamic School globally.

This is a unique opportunity for your organisation to support a non-profit organisation run by volunteers to empower Islamic Schools to pursue excellence.

We invite you to share in the reward of Sadaqah Jāriyah — a continuous charity that benefits generations to come. Your generous contribution holds the power to strengthen Islamic schools and spread beneficial knowledge across the globe, in shā' Allāh.

Your generous contribution makes it possible for Islamic Schools globally to access the collective intellectual and human capital that resides in our rich and diverse membership. This is only possible by arranging such global events.
